### 1. PRODUCT INFORMATION

Product Brand: WaterWipes

Product Name: Baby Wipes

Product Composition: Sheets of non-woven spunlace fabric, moistened with

Water (Aqua) 99.9% and Grapefruit Seed Extract (*Citrus grandis*) 0.1%, containing trace level of Benzalkonium

Chloride.

Cosmetic Wipes - A cosmetic product as defined under

Product Description: Regulation (EC) No. 1223/2009, as amended.

Regulation (EC) No. 1223/2009 states that a 'cosmetic product' means any substance or mixture intended to be placed in contact with the external parts of the human body (epidermis, hair system, nails, lips and external genital organs) or with the teeth and the mucous membranes of the oral cavity with a view exclusively or mainly to cleaning them, perfuming them, changing their appearance, protecting them, keeping them in good condition or correcting body

odours.

Product Type: Moistened sheets of non-woven spunlace fabric

Supplier: Irish Breeze Ltd

Donore Industrial Estate

Drogheda Co. Louth Ireland

Contact No. (+) 353 41 98 77 460

# 2. HAZARD IDENTIFICATION

Relevant Hazards: Not classified as hazardous, no known significant

effects or critical hazards

Inhalation: Not classified as hazardous, no known significant

effects or critical hazards

Ingestion: Not classified as hazardous, no known significant

effects or critical hazards

Skin: Not classified as hazardous, no known significant

effects or critical hazards

Eyes: Not classified as hazardous, no known significant

effects or critical hazards

Special Packaging Requirements: N/A

#### 3. COMPOSITION AND INFORMATION ON INGREDIENTS

Chemical Description of Main

Ingredients:

Non-woven spunlace fabric, moistened with: 99.9% water (aqua), 0.1% Grape Seed Extract (*Citrus grandis* 

seed extract). Contains trace of Benzalkonium

Chloride.

Packaging Material: A PE / PET blend intended for food contact and other

industrial applications. Conforms to EC 1935/2004, EC 2023/2006 and EC 10/2011, and subsequent amendments. Recycle symbol is marked as number 7 meaning that the material is made up of different

plastics and therefore is not widely recyclable.

# 4. FIRST AID MEASURES

In the unlikely event of any negative effects, follow the recommendations below:

Ingestion: Unlikely to cause long-term harm if ingested. Rinse

your mouth out with water. Get medical attention if

symptoms appear

Skin Contact: This formulation is not classified as irritating to the skin

and is unlikely to cause any adverse effect. If symptoms appear, rinse with water. If irritation

persists seek medical attention.

Inhalation: Inhalation is an unlikely route of exposure. If

symptoms appear seek fresh air.

Eye Contact: This cosmetic product is not considered to be irritating

to the eyes or likely to cause any long term adverse health effects. If symptoms appear flush with running water. Seek medical attention if irritation persists.

#### 5. FIRE FIGHTING MEASURES

Extinguishing Media: Not Flammable

Unsuitable Extinguishing Media None Known

### 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Do not walk on spillage as there is a potential slip

hazard.

Environmental Precautions: Avoid any spills or leaks. No special environmental

measures are required.

Method of Cleaning: Vacuum using appropriately designed liquid vacuum.

Clean the affected area with water

## 7. HANDLING AND STORAGE

Stability: Stable in light up to 120°C

Environment Conditions to avoid: None

Cleaning of Equipment: Water only

Handling Precautions: No special requirements

Environmental Protection: Avoid spillage, runoff and contact with storm drains,

soil and waterways. Do not flush as spunlace fabric is

not biodegradable

Safety Storage Measures: Direct exposure to ultraviolet light, especially solar

light, must be minimised

### 8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Engineering Control Measures No special ventilation requirements.

Personal Protective Equipment: No special requirements

Respiratory Protection: No special requirements with adequate ventilation

Face and Eye Protection: No special requirements, avoid unnecessary contact

with eyes

Protection of Hands: Ensure to dry hands well after they are wetted or you

may wish to wear protective gloves if hands are going to be wet for prolonged periods to avoid irritation (no greater that what would be expected from water alone)

Skin Protection No special requirements

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Soft white uniform spunlace fabric wetted with clear

liquid

Smell: Pleasant, fresh clean smell

Colour: White material, Clear liquid

pH: 6.9-7.5

Flammability: Not Flammable

### 10. STABILITY AND REACTIVITY

Reactivity: Stable under normal conditions of use and storage

Incompatible Materials or Substances: May react with oxidising materials

Hazardous Decomposition: No known hazardous products are produced on

decomposition

Explosive Properties Product is not explosive

Rev. No. 05 SAFETY DATA SHEET Ussue Date: 02.10.2018

### 11. TOXICOLOGICAL INFORMATION

Under normal conditions of use no health damage is

Acute Toxicity: known

Other Information: In normal use no health damage is known

## 12. ECOLOGICAL INFORMATION

Environmental Effects / Ecotoxicity: Not available

Persistence Mobility: Soluble. The liquid is readily biodegradable

Persistence and Degradability: Avoid entry into waterways. Wipes are not

biodegradable / compostable. Dispose of according to local, state and federal regulations. Recycle symbol is marked as number 7 meaning that the packaging material is made up of different plastics and therefore

is not widely recyclable.

### 13. <u>DISPOSAL CONSIDERATIONS</u>

The generation of waste should be avoided or minimised wherever possible. The final disposal method should conform to legal requirements and if deemed necessary, local authorities should be consulted

### 14. TRANSPORT INFORMATION

Not classified as dangerous.

Water Wipes				
Rev. No.	05	SAFETY DATA SHEET Water Wipes Baby Wipes	Issue Date:	02.10.2018

# 15. <u>REGULATORY INFORMATION</u>

Not dangerous. End products labelled in accordance with EC Cosmetics Legislation

## **16 OTHER INFORMATION**

Any chemical can be safely handled if their physical and chemical properties are known and proper handling measures and safety garments used.
